

Waterloo Youth Sports Organization Registration Eligibility

Registrants are encouraged to be within the Waterloo School District and/or attend a Waterloo school.

Registrants who are considered “out of town” or who do not attend a Waterloo school will be highly encouraged to register for the sport in the city of residence. If that sport is NOT offered within the city of residence the child may be considered to participate within the WYSO. These cases will be need to be approved by that sport’s director PRIOR to registration in our online registration system. These will be approved on a case by case basis by each sport’s director and be re evaluated from season to season. Recruiting players from other cities with shared programs will not be tolerated within our organization.
